

X-LIGHT 4

LET'S COLOUR
THE MUSIC!

MODULE for

- ◆ Apple Mac
- ◆ Tablet
- ◆ PC

PLAYS

- ◆ Midi Files
- ◆ Mp3
- ◆ Wave

X-LIGHT 4 is the new sound module containing over 868 General Midi audio samples specifically designed for playing Midi files.

X-LIGHT 4 breaks down the boundaries between real and electronic instruments. The software of **X-LIGHT 4** has been optimized for perfect compatibility with all operating systems on the market.

X-LIGHT 4 connects via USB to Apple Mac computers, Tablets and PCs and is ideal in combination with the App "Grinta" for iPad produced by M-Live and distributed on the App Store. It is also perfectly compatible with all the most popular Karaoke software.
